**GENERAL HONORS IN ARTS AND SCIENCES**  
**2005-2007 CATALOG REQUIREMENTS**

NAME: \_\_\_\_\_ ID# \_\_\_\_\_ DATE: \_\_\_\_\_

MAJOR(S): \_\_\_\_\_ GRADUATION DATE: \_\_\_\_\_

General honors in arts and sciences shall be awarded to graduating seniors who have completed five approved courses, with at least one course from each of the areas of mathematics, science, humanities, and social science. To receive General Honors, students must also have a cumulative grade point average of at least 3.5, and at least a 3.5 grade point average in the five General Honors Courses listed below. Only grades of "A" or "B" may count toward General Honors requirements.

**Students who complete a single undergraduate major may not satisfy general honors requirements with any course in their major field. Students who complete two or more majors may use any approved courses to satisfy general honors requirements.** Any course counting as a "major elective" is considered a course in the major field.

No credit toward General Honors shall be given for high school courses, transfer courses (including AP, CLEP, Study Abroad credit or substitutions) unless approved by the General Honors Committee. All substitutions must be approved by the General Honors Committee.

Some general honors courses may be used to satisfy Liberal Studies Program requirements. Some restrictions apply (see 2005-2007 General Catalog, the General Honors Website, or a member of the General Honors Committee for details). Some General Honors courses have prerequisites or corequisites.

This completed form should be signed by the student's advisor and a member of the General Honors Committee. This form should then be submitted, along with a graduation application and major worksheet(s), to the Registrar upon completion of 90 earned hours.
